

Among the most important suppliers of IT systems dedicated to business management in Romania, Crisoft remains the most stable company of the IT&C market, with more than 20 years of activity. All this time, it has been one of the top largest software companies in the country with more than 100 employees, external collaborators, subcontractors and partners.

The constant preoccupation to know the clients' needs, to optimize their business process and even to set new standards in certain industries, have contributed to the maintenance of a vast portfolio of important clients from different fields of activity.

The Crisoft solutions are used by a large variety of clients from different industries (distribution, production, utilities, services, leasing and insurance, trade).

The range of Crisoft products is CROS™ (Crisoft Organization Server™) - a modular, open and flexible integrated IT system destined for use by the organizations' management:

CROS ERP (Enterprise Resources Planning); CROS FRC (Supply, Billing and Customer Relations system destined for public utility companies); CROS Leasing - Insurance; CROS Car Service; CROS Warehouse; CROS Barcodes; CROS Production Planning; CROS Supply Chain; CROS Web; CROS CRM; CROS Budget Control; CROS integration with GIS (Geographic Information System).
